Summary

Dedicated and result-driven web developer with expertise in **frontend technologies** and intermediate proficiency in **backend development**. Passionate about creating innovative, user-friendly web applications and continuously expanding technical skills. Experienced in building scalable web projects and collaborating effectively in team environments. Seeking opportunities to leverage full-stack development skills to drive impactful projects.

Technical Skills

- **Frontend Web Development:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap CSS, Next.js
- **Backend Web Development:** Node.js, Express.js, MongoDB, Mongoose, REST APIs
- **Programming & Tools:** Git, GitHub, Algorithms & Data Structures, Object-Oriented Programming (OOP), VS Code
- **Soft Skills:** Teamwork, Problem-Solving, Remote Collaboration

Projects

TOMATO – Zomato Clone (06/2023 - 07/2023) [GO TO TOMATO](#)

- Built a scalable and optimized food-ordering application replicating Zomato's real-time data features.
- Implemented key functionalities like **Shimmer**, **Accordion**, API handling, and routing.
- **Tech Stack:** React.js, Redux (state management), JWT, Node.js, Express.js

WANDERLUST – Airbnb Clone

- Developed a full-stack web application with real-time server-client communication using **Socket.io**.
- Integrated **Rapid API** for dynamic data generation and debugging Node.js code to enhance stability
- **Tech Stack:** React.js, Node.js, Express.js

FULL STACK PROJECTS

- [ADVANCE AUTHENTICATION SYSTEM](#)
- [TASK MANAGEMENT SYSTEM](#)
- WHATSAPP_CLONE
- PORTFOLIO WEBSITE

Education

Bachelor of Technology

J.C. Bose University

YMCA, Faridabad, India

10/2020 - 07/2024

- Major in Computer Science Engineering
- 7.05 /10 CGPA

Higher Secondary Education

Adarsh.Public School (CBSE)

Jind, Haryana

06/2020

- 75/100 Percentage

Certificates

- **NPTEL** : Online Privacy (10/2023)
- **NPTEL** : Introduction to Internet Of Things (04/2023)
